“Why did I wait so long to switch my management service agreement to NEO Realty Group? Brant and his team are responsive, exceptionally thorough, and provide high quality service from top to bottom in the relationship. Since hiring NEO Realty Group, my properties have a higher occupancy rate, deliver more income and have a higher tenant satisfaction rate than I’ve ever had before. “Brant and NEO Realty is a great example of a truly invested ownership who bought into Lakewood just a few years ago. It is because of folks like him that our community is growing and improving. The investment is more than just the money into the building and being a conscientious steward of the property. The investment is also rooted in a community minded ethos that you get back as good as you give.”

— Dru Siley, Director of Planning and Development,  
City of Lakewood (2008-2016)
